

SPACE

A JOURNEY TO OUR FUTURE™

Presented in
collaboration
with NASA

Produced by Evergreen Exhibitions

FACT SHEET

WHAT: “SPACE: A Journey to Our Future” is a touring exhibition on space exploration, one of the most comprehensive interactive presentations ever developed. The exhibit introduces visitors to today’s explorers who are shaping our future in the universe and lets us literally step into the future of space exploration.

LOCATION: Aerospace Museum of California
3200 Freedom Park Drive, McClellan, CA 95652.

SCHEDULE: The exhibit will appear at the Aerospace Museum of California Feb. 9, 2009 through Sept. 6, 2009.

COLLABORATORS: “SPACE” is produced by Evergreen Exhibitions (formerly Clear Channel Exhibitions) in educational collaboration with NASA, in association with Space Day and the National Science Teachers Association. The exhibition is hosted by Aerospace Museum of California in association with the Sacramento Convention & Visitors Bureau. The national exhibition is made possible by General Motors and Lockheed Martin, and supported locally by Safe Credit Union, Aerojet, Wells Fargo and USAA. Lead promotional units of GM are Cadillac and OnStar. Additional support was provided by Lockheed Martin.

PURPOSE: To ignite the desire for discovery, spark imaginations and inspire a new generation of explorers in space.

EXHIBIT SIZE: Approximately 6,000 square feet

POINTS OF INTEREST:

- **Touch the Moon and Mars.** Visitors can touch actual rocks from the lunar surface and the red planet.
- **Space Exploration Artifacts.** Visitors will see a wide range of artifacts from the space program past and present, presented in context--space suits, lunar rover tire, camera from Apollo program, early fuel cell and shuttle tiles.
- **Today’s Space Program.** This interactive area examines the International Space Station, NASA studies in areas such as robonauts, deep space probes, next-generation telescopes, living in space and space tourism. Mars rover model and Mars experience area helps visitors learn about current missions.

- **Constellation Program.** Visitors get an up-close look at the Orion, the new spacecraft that will bring human explorers back to the moon, and the Ares rocket, which will propel the new spacecraft.
- **Lunar Base Camp.** Would-be explorers can literally step into the future and interact aboard a re-created future base camp on the lunar surface.
Create your Own Mission to Mars. Through hands-on interactive displays and modules, visitors can design their own trip to Mars--from the design of the spacecraft to living quarters to supplies needed (and, find out how successful their trip would likely be).
- **360-degree “Future Theatre.”** In an immersive media experience, looks far into the future of exploration and deep into space, pondering mysteries to be revealed and questions to be answered.

ADMISSION:

Adult - \$17.95

Student (7-17 yrs) Senior (65+) - \$11.95

Active Military (and Active Military’s immediate family) - \$8.95

Family Rate (2 adults and 3 children) - \$56.00

Children 5 and under - free

Groups (20 or more)

Student - \$9.95

Adults/Seniors - \$10.95

Tickets are available at www.tickets.com, by calling (800) 225-2277 or at the Museum. All groups of 20 or more must be booked through the Sacramento Convention & Visitors Bureau: www.discovergold.org/space

The Aerospace Museum of California is located at 3200 Freedom Park Drive, McClellan, CA 95652. For more information call (916) 643-3193 or visit their website at www.aerospacemuseumofcalifornia.org.
